ABSTRACT

In 1989, a study was conducted of the performance of Redwood High School (RHS) graduates at the College of the Sequoias (COS), in California. The study analyzed information provided by the high school and data available from COS's student information system, including RHS grade point average (GPA), college GPA, units attempted and passed, first and last semesters of enrollment, enrollment status (i.e., current or not current), associate degree awarded, and semester that the degree was granted. Separate analyses were completed for the graduates of 1986, 1987, and 1988. Study findings included the following: (1) 63.9% of the RHS 1986 graduates were served in some capacity by COS, compared to 68.3% of the 1987 graduates and 63.0% of the 1988 graduates; (2) 25% of the 1986 graduates, 50.2% of the 1987 graduates, and 67.3% of the 1988 graduates who attended COS completed the spring 1989 semester; (3) 17% of the 1986 graduates and 9.2% of the 1987 graduates received an associate degree from COS; (4) high school GPA was 2.781 for the 1986 graduates, 2.844 for the 1987 graduates, and 2.653 for the 1988 graduates; and (5) the average college GPA was 2.538 for the 1986 graduates, 2.428 for the 1987 graduates, and 2.558 for the 1988 graduates. Data tables for each graduating class and the letter of transmittal used by COS in sending the performance report to RHS counselors are included. (JMC)

Counselor
Feeder High School
Visalia, California

Dear Counselor:

Enclosed are copies of the studies we have completed on the 1986, 1987, and 1988 Redwood High School graduates. After you have had a chance to review the studies, we would like to meet with you to discuss the data.

Based upon the information you provided and the information readily available from our student information system (computer), we considered the following variables:

- High School GPA
- COS GPA
- Units Attempted
- Units Passed
- First Semester of Enrollment
- Last Semester of Enrollment
- Enrollment Status; i.e., current, not current, etc.
- AA/AS Degree Issued
- Semester Degree Granted

We were unable to easily identify which students transferred from COS to other institutions and which students completed requirements to make them eligible for the UC or CSU systems. This information is not currently accessible by computer.

We began our study with the Spring 1986 semester since this is the first semester that is "on-line" in the computer. It is possible that students attended prior to this semester but only accumulated units and grade points are available without tedious research.

Each year's study consists of five pages. The first page is a chart of enrollments and withdrawals by semester. The second page contains performance statistics on current students (those completing the Spring 1989 semester). The third page contains performance statistics on those students who enrolled at COS the fall semester immediately preceding graduation. The fourth
